12th International Symposium on Soil and Plant Analysis

The 12th International Symposium on Soil and Plant Analysis will be held at the Mediterranean Agronomic Institute of Chania, Crete, Greece. This forum will bring together agricultural and natural resource scientists from around the world to disseminate information of methodology, interpretation and application of soil, plant and water analyses for the purpose of efficient resource management, sustainable production and the environment.

General Information: Conference sponsorship opportunities are structured so that companies can significantly increase their visibility to conference attendees. Your contributions will help cover keynote speaker expenses, some conference organizing costs, food functions, banquet entertainment, and other conference expenses.

If you have further questions or need additional information, please contact:

Quentin Rund, PAQ Interactive, Inc.
